Puspakom – free 25-point inspections ahead of CNY

In Cars, Local News / By Jonathan Lee / 15 January 2016 5:45 pm / 10 comments

Those heading back to their hometowns for the coming Chinese New Year festivities may be pleased to note that Puspakom is offering a free 25-point Voluntary Vehicle Inspection (VVI) for all private car owners from January 17 to 29. The complimentary service is available at all Puspakom centres across the country except at the Shah Alam, Mak Mandin and Kota Bharu facilities.

The company claims that the initiative is part of its corporate social responsibility (CSR) to raise public awareness on vehicle safety, particularly the importance of conducting scheduled vehicle maintenance. The service is also said to be in line with the government's call to reduce the high rate of accidents during the festive season.

"The VVI inspections which encompass points such as emissions, side slip, above- and undercarriage, brakes and suspension will give owners a clear picture regarding components of their vehicles which may be faulty and in need of attention," said CEO Mohammed Shukor Ismail.

"The VVI inspection report will help customers expedite the repair and maintenance of their vehicles," he added. "Customers will be able to visit our centres directly without having to wait or make an appointment. Conducting vehicle repair and maintenance is very important. It can guarantee the safety of the vehicle and loved ones."

Customers will be able to send their cars for free VVI inspection from 8:00 am to 5:00 pm daily (subject to the operating hours of each centre). For more information, call Puspakom's toll-free hotline at 1 800 88 6927, or visit its website.
